HISTORICAL PLAY TO BE GIVEN BY COLLEGE SOCIETY

Philomatheans are Giving Entertainment in Order to Support French War Orphan.

The First Lady of the Land is the play to be presented by the Philomatheans Literary Society in the College auditorium March 30, and as the title suggests, the story concerns those high in the diplomatic life of Washington.

The theme centers around the chivalry which existed between Aaron Burr and James Madison for the hand of Dolly Todd during the administration of Thomas Jefferson. Burr's dream of the conquest of Mexico, his duel with Alexander Hamilton with its tragic ending, the animosities and jealousies of the ministers from England, France and Spain, all enter into the action of the play and nowhere is the page from America history so interestingly an dattractively portrayed.

The play is full of clever situations and sparkles with fun from beginning to end. From the entrance of Mrs. Sparkle, who may be truly said to sparkle to the final exit of the henpecked Lord Merry there not a slow movement. The slow moving but ever smiling Von Berckels, the irrepressible Sophia Sparkle, and even staid James Madison, who in a moment of unprecedented hilarity beseeches Dolly Todd to teach him the steps of the new dance, make the play alive and full of interest.

The first two acts are laid in a sitting room at the boarding house of Dolly Todd in Philadelphia, the last two in the White House at Washington. Colonial costumes will be furnished by Theo. Liben Dorcas. Tickets will be on sale after March 18.

The cast of characters will be taken as follows:

Aaron Burr, Vice president of the United States—Kenneth Carter

James Madison, Secretary of State—Myron Babby

Bohlen Pinckney, Sec. to the Pres.—Ernest McDonald.

Sir Anthony Merry, Minister from Great Brition—Jasper Adams.

Monsieur Pichon, Minister from France—Euel Ramsey

Marquis D'Yrujo, Minister from Spain—Fred Masters

Baron Von Berckel, Minister from Netherlands—Charles Wells

De Vaux, Major Domo at the White House—John Phipps

Dolly Todd—Carrie Coler

Sally McKean—Frieda Schaffer

Lady Angela Merry—Viola Barber

Honorable Ena Ferrar, her sister—Blanche Landfather

Mrs. Sparkle—La Vora Hudson

Sophia Sparkle, her daughter—Lois Hankins

Vrou Von Berckel—Maud Fleming

Clothilde, a maid—Jeannie Blacklock

The Philomatheans are giving this play in order to support their French orphan another year. Therefore, in addition to hearing an excellent play, well given you will be lending your support to a most worthy cause.

AMATUERS SCORE BIG HIT IN "THE WINNING WIDOW"

Pretty Girls, Handsome Youths, Fine Music and Good Acting Please a Audience Last Night.

If any one expected a disappointment last night in the musical comedy given at the Empire theatre by the Oxford club, that one received a blow like the Thanksgiving bird gets "in ze neck"

There was no such thing as a disappointment running around for a claimant in the big audience attending.

The verdict of the old theatre goers was "never saw such a pretty bunch of chorus girls in my life before" And along with the pretty girls which simply run riot through the whole performance "was a lot of fine looking youths who formed the real setting for a light bright comedy labeled "The Winning Widow".

The "S. R. O." sign was put out early last night and long before the curtain went up there wasn't vacant seat left to dishearten the amateurs, most of whom were making their debut on the stage last night.

The character parts of the two acts were taken by Dr. Jessie Clark, Miss Gladys Bookman, Ruth Miller, Miss Lorena Fenton, Merle Scheeman and Martin Lewis, Jr.

Ruth Miller as the ingenue was showered with applause. The honors could practically be shared equally by the cast as there was none but whom appeared with credit.

Miss Annette Simmons and Frank Roelofson in a characir song and dance "I'll Be Yours once in a While" were brought back three times by an admiring audience, which acted as if they were going to clapp all night. The same reception was given D. M. Senter of Imaha, saxaphone soloist, who has just closd a season's playing at the Orpheum theatre in New York City, and who came to Maryville last night just for "old times' sake" to help out in the show staged by his friends and he was a mighty big drawing card for the performanc.

Miss Bess Scott and Frank Schumacher in specialty songs each drew their usual applause and they are two well known favorites with Maryville audiences to need any eoniums as to their ability in this line.

Other songs were given by Miss Blanch Alexander and a duet by Miss Gladys Sewell and Clifford Hull.

Without veneering the criticism of the play, it was one first class good show in the opinion of every one attending and the boys cleared practically $200 which goes to the support of the Oxford club rooms.

FERTILIZING THE GARDEN TO SECURE GOOD CROPS

C. G. Steinsmyer of the State Teachers College Describes Best Methods to be Used.

It is nearly impossible to over fertilize the garden. An immense supply of plant food is necessary if maximum yields of garden crops are to be expected. Well rotted barnyard manure applied at the rate of from 20 to 40 tons per acre is the best fertilizer Discretion is necessary in applying manure, but th majorty of gardens are under fertilized rather than over fertilized. A good garden soil cannot be built up from mediocre soil in one year by a heavy application of manure.

The soil may be fetrtile, yet it may not make a desirable garden. It may not be well located, drainage may be poor, or it may not be properly tilled. For example, a fall plowed garden will yield larger crops than the same garden plowed in the spring.

Lime benefits practically all garden crops and it should be applied to the garden soil at the rate of about two tons to the acre.

Commercial fertilizers can be used to good advantage on garden crops, especially is this true of early crops and on gardens where space is at a premium. Garden crops need a large, readily available supply of nitrogen, which can be supplied best as sodium nitrate or dried blood. Scatter dried blood as a top dressing at intervals of from one to two weeks. Place the sodium nitrate in a shallow furrow close to the plants and cover. A small amount may be placed in the row at planting time. Reports from some of the state agricultural colleges show increased yields of vegetables when commercial fertilizer is used. The writer has secured the best results with radishes and the poorest with lettuce.

Apply commercial fertilizers only to fertile soils.

Vegetable crops treated with commercial fertilizer will make their growth more quickly, which is an important factor in growing early crops, they will be of better quality, and the yield will be greater. It will pay to order a few pounds of some highly nitrogenous fertilizer along with the garden seeds. The cost is slight and the crop will be earlier than without such a stimulent. Your dealer should be able to secure for you, sodium nitrate, dried blood, or any complete commercial fertilizer high in nitrogen content.

The soil is likely to be deficient in only three elements necessary to plant growth, namely, nitrogen, phosphorous, and potassium. Most Missouri soils contain an abundant supply of potassium. Nitrogen and phosphorous are less plentiful. A large supply of nitrogen is needed for garden crops, whereas only a small amount of phosphorous is necessary. For example, an acre of onions growing 600 bushels require 92 pounds of nitrogen, 20 pounds of phosphorous, and 72 pounds of potassium. An acre of potatoes growing 150 bushels require 30 lbs, nitrogen, 6 lbs. phospohorous, and 43 lbs., potassium.

All three elements may be replaced by barnyard manure. It is estimated that one ton of ordinary barnyard manure contains 10 lbs., nitrogen, 3 lbs., phosphorous, and 8 lbs., potassium. However, paying yields are secured by supplementing barnyard manure with commercial fertilizer.

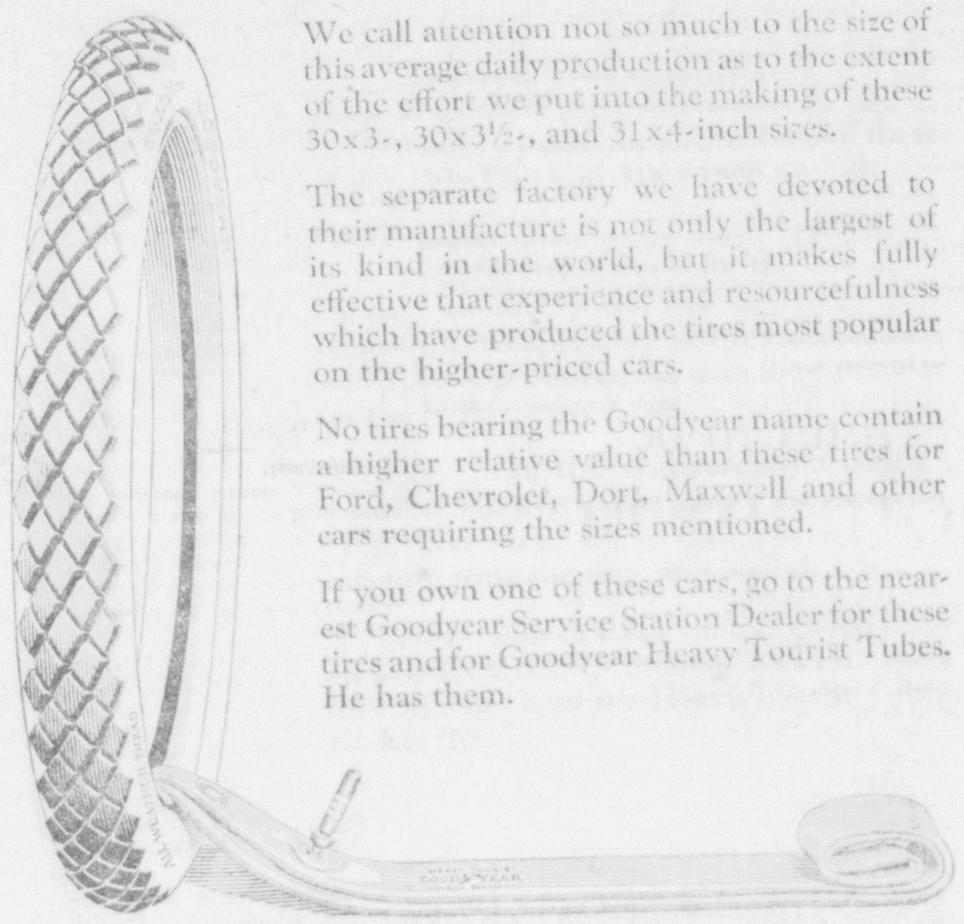
The World's Largest Production of Tires on the Smaller Cars Alone



We call attention not so much to the size of this average daily production as to the extent of the effort we put into the making of these 30x3-, 30x3½-, and 31x4-inch sizes.

The separate factory we have devoted to their manufacture is not only the largest of its kind in the world, but it makes fully effective that experience and resourcefulness which have produced the tires most popular on the higher-priced cars.

No tires bearing the Goodyear name contain a higher relative value than these tires for Ford, Chevrolet, Dort, Maxwell and other cars requiring the sizes mentioned.

If you own one of these cars, go to the nearest Goodyear Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

Free Yourself From The Pangs of Rheumatism

The Right Treatment Will Break Your Shackles.

You who are afflicted with Rheumatism know from experience just how excrutiating the pangs of the disease are. You know also, if you have had rheumatism for any length of time that there is no real relief to be expected from the use of liniments and lotions.

Rheumatism is a stubborn disease, and its pangs and pains cannot be wiped out as if by magic. A disease that is so full of torture and renders so many people absolutely helpless, is a deep-seated one; it is not on the surface, hence it cannot be reached by external, surface remedies.

Lotions, liniments and ointments applied to the surface may in some cases deaden the pain for the time being, but until you attack the disease at its foundation, you are making no progress toward a cure. Many forms of Rheumatism are caused by millions of tiny germs that infest the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

In fact the longer you delay treating the disease through the blood, the further you are getting from ridding yourself from the disease. And because so many people treat the pain, and not the disease itself, is one reason why Rheumatism increases in severity year by year.

The most satisfactory remedy for Rheumatism is S. S. S., because it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of all impurities, and is a sure antidote to the germs of Rheumatism. Being purely vegetable, without a particle of mineral or chemical in its composition, it works by eliminating and forcing out of the blood all impurities, acting as a tonic to the entire system at the same time. It has been used for more than fifty years, and scores of sufferers from Rheumatism give it unstinted praise.

S. S. S. is sold by druggists everywhere, and any of them will tell you that it is a thoroughly honest and reliable old remedy. You are invited to write our medical department for full information and advice about the treatment of your own case, for which no charge is made. BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

That's right, boys, cuss the Democratic administration for everything on earth—high prices, bolshevism, labor troubles, chinch bugs, influenza. It is in power and must be held accountable for all errors and sins of omission and commission. But when you do this, the inexorable logic requires that you also give it credit for winning the war. And that was the main thing.—Louisiana Journal.

WELL KNOWN WOMEN

Kansas City, Mo. —"When one of my daughters was about seventeen years of age she suffered terribly at times. She would be so ill that she would be unable to be out of bed for at least two days. This condition existed for a whole year and she became very pale and sickly. I really was afraid I would lose her. Then someone suggested Dr. Pierce's Favorite Prescription to me and in less than three months after she started to take it her development was complete. The Prescription proved such a wonderful tonic that I had her take it for a whole year and I felt amply repaid when I looked at her rosy cheeks. I am sure that she owes her present splendid health to the 'Favorite Prescription' which she took at that time. It is the safest and most reliable tonic for girls and women that was ever placed on the market."—MRS. M. PELSOR, 2741 Myrtle Ave.

Women Who Suffer

St. Joseph, Mo.—"I had woman's weakness and at times I would suffer with sharp pains in my right side. I took Dr. Pierce's Favorite Prescription and it gave me great relief. I do not suffer now and have felt much stronger since its use. It will surely give relief if taken as directed."—MRS. FRANCIS TYLER, 2813 S. 22nd St.

St. Louis, Mo.—"As a liver regulator and purgative I have found Dr. Pierce's Pleasant Pellets to be far above the average proprietary medicine. For years I had been troubled with chronic constipation and had tried a great many different advertised remedies; then a friend suggested my trying the 'Pleasant Pellets.' I found them to be extremely mild but very effective."—MRS. GEO. BROWN, 7309 Hoover Ave.

Women who are worn out, who suffer from pain at regular or irregular intervals, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic, now sold by druggists, in tablets and liquid, as Dr. Pierce's Favorite Prescription. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.
